

ASSOCIATE MEMBERS

How do Associate Memberships work?

Your club can define associate membership as it wishes. Some clubs use associate membership as a trial period to engage prospective members.

If the associate members see value in the experience, they can join the club. In such cases, the club would report them as active members once they've joined, and the members would then receive all the benefits that other active, dues-paying members enjoy and would be included in the club's membership count.
